Sittings

---- r

デス

The Committee held 41 sittings till the finalisation of this Report

Selection of Departments

The Committee selected the following Departments with a view to scrutinise the budget estimates for the year 1993 94 —

- (1) Public Works (Buildings & Roads),
- (11) Public Works (Public Health), and
- (111) Transport

PUBLIC WORKS (BUILDINGS & ROADS) DEPARTMENT

The Engineer in Chief, Public Works (Buildings & Roads) Depart ment, Haryana, sent the material on the budget estimates for the year 1993 94 of the department vide his Memo No 180/B dated 1st September 1993 Since the material was not routed through the Government and it was not schemewise, the Committee decided to return the said material and desired the Government to send the material in accordance with the procedure laid down The Committee also express their displeasure on the way the department/Government has taken action in this regard and has forwarded the budget material of the department to the Vidhan Sabha Secretariat for scrutiny/examination of the Committee on 16th February, 1994 when the Committee was to finalise its Report The Committee, therefore, could not scrutinise the same

PUBLIC WORKS (PUBLIC HEALTH) DEPARTMENI

The Government forwarded the material on the budget estimates for the year 1993 94 of the Department vide letter No 7/12/93 PH(3) dated 20th August 1993 The Committee considered the said material and since it did not contain comprehensive details of the schemes of the department alongwith budget allocation the Committee decided to return it to the Government for taking further action The Committee took a very poor view about the functioning of the department and is dis tressed to point out that the Department did not pay any heed and took action in a very lackadaisical manner because the material was supplied in the month of Februarv 1994 when the Committee could not scrutimise the same

TRANSPORT DEPARTMENT

The Committee selected the department for examination on 25th May 1993 and the department was asked to send its budget estimates for 1993 94 by the Haryana Vidhan Sabha Secietariat on 1st June, 1993, within a fortnight The department however supplied the material vide their Memo No 5382/BA/ACC, dated 16th August 1993 in English ver sion only The material in Hindi veision was supplied by the Depart ment vide their Memo No 6751/BA/ACC dated 4th October 1993 The Committee took a dim view of the casualness of the Department The Committee, therefore, could not scrutinise the budget material relating to the Department due to paucity of time

Supplementary Estimates

The Committee scrutinised the Supplementary Estimates of the Haryana Government for the year 1993 94 and examined the representa tives of the Finance Department as well as other departments concerned with their demands and presented its Report thereon to the Haryana Vidhan Sabha on the date fixed therefor

The Committee while considering the Demands for Supplementary Grants as presented to the Committee by the Government observed that expenditure being incurred on TA/DA, Telephones, Petrol/Diesel and Vehicles is too much which needs to be reduced The Committee, therefore, recommend that 20% cut be imposed thereon and a report to this effect be sent to the Committee within six months

General Observation

The Committee, while scrutinising the replies received from the Government relating to the pending paragraphs of the previous reports concerning these departments have experienced that the replies thereof are not being sent by various departments in time inspite of instructions issued by the Government from time to time The Committee took a serious view about it and recommend that the Finance Department should coordinate in this respect and issue fresh instructions to all the concerned departments so that replies are sent in time in order to streamline the functioning of the Committee The Committee also recommend that Finance Department should nominate an officer of the rank of Joint Secretary who should be made responsible for coordination relating to the Committee on Estimates under intimation to the Committee

Implementation/Recommendations

The Report regarding implementation of the outstanding recom mendations/observations of the Committee in respect of various depart ments orally examined by the Committee during the year 1993 94 is given on the following pages The recommendations of the Committee, after oral examination are given in the statement at Appendix

(i) During the course of oral evidence the Committee pointed out many irregularities in implementing the scheme In certain cases the entire profit is earned by the Forest officials instead of giving to the poor villagers. The Committee further observed that in most of the blocks this scheme is not properly implemented as the people are ignorant about this scheme due to lack of publicity.

3				15
-	1	2	3	4
				 (11) The Committee therefore recommend that a proper and wide publicity of this scheme be made by the Department so that more and more farmers may opt this scheme The Committee further recommend that regular checking by the Forest Officers/ officials be made so that actual beneficiaries may be benefitted from this scheme
				 (iii) The Committee also recommend that efforts be made by the Department to procure more funds from the Government of India for raising of more nurseries for the next year plantation under this scheme
				(iv) The Committee further recommend that Department should stress more towards the diversification of species so that more trees of economic value be planted instead of Eucalyptus and Popular etc in future
				(v) The Committee also recommend that more research should be made in assessing the medicinal value of various plants and their cultivation should be increased in the coming years
	25	31—32	27	The Committee after discussion reiterate its earlier recommendation which is as under
				The Committee recommend that either sufficient staff and suitable fund be allotted to the Depart ment or to merge this Department again with the Forests Department for its effectively fun ctioning in future The Committee also re commend that a proper publicity about the activities of this department be made for the information of the general public and farmers of the State
