INTRODUCTION

1. I, the Chairman of the Committee on Government Assurances, having been authorised by the Committee to submit the report on their behalf, present their Fifth Report.

2. The Committee were nominated by the Speaker, Haryana Vidhan Sabha under Rule 237 of the Rules of Procedure and Conduct of Business in the Haryana Legislative Assembly on the 3rd July, 1973. —vide Gazette notification No. CB/A-2/73-74/56, dated the 4th July, 1973.

3. The work done by the Committee after the presentation of the Fourth Report on the 30th March, 1973 is set forth in this Report.

4. The Committee are thankful to the Administrative Secretaries/Heads of Departments and other officers who appeared before them from time to time in connection with the implementation of Assurances.

5. The Committee also place on record their high appreciation of the whole-hearted co-operation and assistance given to them by the Secretary, Haryana Vidhan Sabha, and his staff.

Chandigarh :

The 27th March, 1974.

CHAUDHRI CHAND RAM,

Chairman.

REPORT

1. The Committee on Government Assurances for the year 1973-74 consisting of nine members was nominated by the Speaker, Haryana Vidhan Sabha and notified in the Gazette,—*vide* Haryana Vidhan Sabha notification No. CB/A-2/73-74/56, dated the 4th July, 1973. Chaudhri Chand Ram was appointed as Chairman of the Committee by the Speaker. The Committee held 30 sittings since its constitution.

SCRUTINY OF ASSURANCES

2. The Committee scrutinised the statements made by Ministers on the floor of the House during the Sessions held in August—October, 1972 and March—June, 1973. The statements, which in the opinion of the Committee constituted assurances were sent to the Administrative Secretaries concerned for intimating the manner in which and the extent to which the Government had implemented them. The Committee could not scrutinise the statement of assurances given on the floor of the House during the Session held in November, 1973 because of the non-receipt of the comments thereon from the Chief Secretary to Government, Haryana up to the 27th March, 1974 the date when the Committee finalised its Report. The successor Committee may, therefore, take up this work.

3. The Committee scrutinised the replies received from the Government from time to time in regard to the implementation of the assurances shown as outstanding in Appendix II of the Fourth Report as also the replies containing the action taken by Government to implement the assurances given on the floor of the House during the Sessions held up to June, 1973. The Committee made certain observations in respect of some of the replies scrutinised by them in order to elicit further information from the Government and dropped the rest.

4. The Committee orally examined the representatives of the following departments in respect of the implementation of the outstanding assurances concerning them and in view of the position explained by them the Committee decided to keep certain assurances pending and dropped the rest :—

- (1) Revenue. (2) Development. (3) Panchayat. (4) Animal Husbandry. (5) Irrigation. (6) Electricity. (7) Public Works (B.&R.). (8) Education. (9) Transport. (10) Public Works (Public Health). (11) Industries.

5. The Committee also had the opportunity of meeting the members of the Committee on Government Assurances of Kerala Legislature during its visit to Chandigarh on 22nd November, 1973 and discussed with them various procedural matters relating to the working of the Committee on Government Assurances in their respective Legislatures.

6. The Committee reviewed the assurances appearing in Appendix II of the Fourth Report. The Committee dropped some of the assurances which lost their utility due to lapse of time.

7. The position in regard to the assurances given on the floor of the House up to the Sessions held in January, 1972 of the Haryana Vidhan Sabha was shown in the Fourth Report of the Committee which was presented to the House on the 30th March, 1973. A statement showing the number of assurances given on the floor of the House during the Sessions held in August, October, 1972, March, April and June, 1973 is given in Appendix I.

Consideration of replies received from Government in regard to the implementation of Assurances

8. The Committee scrutinised the replies received from the Government from time to time up to the 25th March, 1974 in regard to the implementation of the outstanding assurances. The Committee made certain observations in respect of some of replies scrutinised by them in order to elicit further information from the Government (Appendix II) and dropped the rest. The replies received from the Government after the 25th March, 1974 may be taken up by the successor Committee.

9. The assurances which have either been dropped because they had outlived their utility due to lapse of time or in respect of which the Committee were satisfied with the action taken by the Government to implement them have not been printed in this Report.

10. The Committee reviewed the outstanding assurances appearing in Appendix II of the Fourth Report. The Committee after further reviewing the assurances dropped some of them. The assurances which have been dropped in this process have not been reprinted in this Report. The Government Departments may, therefore, not send replies to those assurances which do not find place in this Report.

GENERAL OBSERVATIONS IN REGARD TO IMPLEMENTATION OF ASSURANCES

11. The Committee in their First Report recommended that—

“Normally the assurances should be implemented by the Government within three months from the date on which those assurances are given. In case it is not possible to implement an assurance within this period the cause of delay should be communicated to the Committee so that it may judge whether the reasons given for the delay are adequate or otherwise.”

The above recommendation was reiterated by the Committee in their Second, Third and Fourth Reports. The Committee are pained to point out that their above recommendation is still not being followed in letter and spirit. The Committee have thus come to an irresistible conclusion that the importance is not being paid to the Committee's work. The Committee, therefore, recommended that the Administrative Secretaries should pay personal attention in the matter to see that no delay occurs anywhere in implementing assurances.

12. In order to avoid delay in the implementation of assurances the Committee recommend that the Government should issue instructions to all Administrative Secretaries and Heads of Departments/their representatives to note the Assurances concerning them at the time when these are given by the Ministers on the floor of the Vidhan Sabha and initiate action rather than waiting for formal communication to this effect from the Vidhan Sabha Secretariat.

TYPICAL CASES OF INORDINATE DELAY

The Committee have come across cases where inordinate delay has occurred

in taking action to implement the outstanding assurances. Some of the cases are cited below:—

(i) Medical and Health

The following assurance, (Assurance No. 392 of the Fourth Report) arising out of the S. Q. No. 1245 by Shri Mangal Sein regarding complaint against the Doctor of Primary Health Centre, Kalanaur (Rohtak), given by the Minister on the floor of the House on the 4th August, 1971:

“Parts (c) and (d). Chief Medical Officer, Rohtak was entrusted with these complaints.....”

The said assurance was forwarded to the Administrative Secretary to Government, Haryana, Medical and Health Department,—vide this Secretariat D.O. letter No. CB/A-28/72-73/23069, dated 27th November, 1972. The Committee are pained to note that no reply to the assurance under reference has been received even up till now.

(ii) Agriculture

The following assurance (Assurance No. 40 of the Fourth Report) arising out of the Budget Speech of Finance Minister, dated 12th January, 1972 ; (Assurances No. 41 and 42 of the Fourth Report) arising out of in reply to the debate on the Budget for 1972-73 on 13th January, 1972 ; and (assurance No. 44 of the Fourth Report) arising out of Supplementary asked by Shri Daya Krishan on S. Q. No. 1363 “How many tube wells can be installed in all under the augmentation scheme ?”

The said Assurances were forwarded to the Administrative Secretary to Government, Haryana, Agriculture Department,—vide this Secretariat D.O. letter No. CB/A-3/72-73/23104, dated 27th November, 1972. Since then no reply has been received in respect of assurances under reference. The Committee take a serious view of the inordinate delay involved in this case.

(iii) Welfare of Scheduled Castes and Backward Classes

The following assurance (Assurance No. 139 of the Fourth Report) arising out of Reply to debate on Governor's Address given by the Minister on the floor of the House on 23rd February, 1966 :—

“We have decided to advance loans to Harijans up to Rs 2,000 without any condition.”

The said assurance was forwarded to the Department by the Punjab Vidhan Sabha. The Committee on Government Assurances of the Haryana Vidhan Sabha decided to pursue the Assurance under reference and the Secretary to Government, Haryana, was informed accordingly. The assurance under reference has been shown as outstanding in the 1st, 2nd, 3rd and 4th Reports of the Committee. The Committee regret to note that the Department has not moved at all into the matter even after a period of about 7 years and the assurance which was given 8 years back still remains unimplemented.

The assurance No. 145 and No. 147 of the Fourth Report were given by the Ministers on the floor of the House on 16th February, 1971 and were forwarded to the Department,—vide this Secretariat D.O. letter No. CB/A-79/71-72/19948, dated 9th August, 1971. What to speak of sending final reply intimating the Committee about the action taken by the Department for the implementation of the assurance under question the Department has not shown the courtesy expected

of it to send an interim reply. The Committee are constrained to draw an irresistible conclusion that the Department has not attached due importance to the Committees' Work. Such types of gross negligence on the part of Government Departments should be avoided in the case of the implementation of the assurances given by the Ministers on the floor of the House. in order to check the rising of the same matter perpetually in session after session of the Vidhan Sabha.

The 27th March, 1974.

CHAND RAM.

2 Speech by the Chief
 Minister regarding the
 Land Ceiling Bill

The 4th October, 1974
 There are many cases in
 which the landowners
 have transferred the land
 to the genuine tenants,
 such a sale will stand.
 But in the case of those
 persons who have trans-
 ferred the land in the
 names of their relatives
 or obtained collusive
 decrees from the Civil
 Courts or transferred the
 land in some other
 manner in the names of
 others with a view to
 defeating the purpose
 of this law, all such
 transfers will be un-
 lawful and treated void.
 The Government will
 not consider such a
 sale or decrees of any
 Court as valid

13	Speech by the Chief Minister regarding the Land Ceiling Bill	Revenue	Yet we have not made any provision in this Bill for safeguarding the rights of the tenants. But we want to provide security to the tenants of the tenants also after consulting the Central Government just after a few days. For that purpose we shall bring an Ordinance later on	After unifying the Punjab Security of Land Tenures Act, 1953, and the Punjab Tenancy and Agricultural Lands Act, 1955, a new Act namely, the 'Haryana Ceiling on Land Holdings' Act, 1972, has been enforced with effect from 22nd December, 1972 and the Rules for its implementation have been published on the 28th August, 1973. For providing security to tenants, necessary amendments are to be made in the Punjab Tenancy Act, 1887. This is a voluminous work and will take some time for finalisation. (24-10-73) (Reply of the Government) The State Government has recently enacted the Ceiling Law on land and framed rules thereunder. As a result of this some surplus areas are expected to become available which would be allotted to land-less workers, tenants, etc., on payment of compensation. As such it has been thought advisable to make amendments in the Punjab Tenancy Act and other tenancy legislation only after things have stabilized under the new ceiling Act, so that new problems encountered in the implementation of the new legislation can be dealt with in the proposed amendments (14-2-74)	(Observation by the Committee) The Committee would like to know the time by which the amendments in the Punjab Tenancy Act, 1887, will be made so as to provide security to the tenants and they are not kept in suspense (5-11-73) (Further observation) The Committee would like to know the latest position in the matter (26-3-74)

9 Reply to St. Q. No. 387, Revenue

asked by Ch. Phul Singh Kataria. Will the Minister for Revenue be pleased to state whether there is any scheme under the consideration of the Government to provide surplus land to ex-servicemen and war widows?

(Government Reply)

The State Government under section 15(2) of the Haryana Ceiling on Land Holdings Act, 1972, has, by notification, to frame a scheme for utilising surplus area. Under the above mentioned Act, there is a provision to allot surplus land to ex-servicemen but there is no provision in it to allot such land to war widows. There is no specific mention in the act for allotment of land to disabled ex-servicemen, but the word "ex-servicemen" includes disabled ex-servicemen. The scheme is being framed

(Reply to observation)

The matter regarding the division of assets and liabilities between the Zilla Parishad, Sangur and Jind in accordance with the provisions of para of the Punjab Zilla Parishad, Panchayat Samitis and Grami Sabhas (Reconstitution and Reorganisation) Order, 1969 has not been finalised so far. The matter was discussed with the representatives of the Punjab State and the Union Territory of Chandigarh, on 30th January, 1970. The Punjab Government agreed to supply the requisite *pro forma* in which the statement of assets and liabilities are to be prepared in respect of each inter-State Corporate body. (This was done for the sake of uniformity. The *pro forma* have not so far been received from the Punjab Government, in spite of repeated reminders, the last reminder having been issued on 24th July, 1970. The matter is being pursued vigorously with the quarters concerned. The matter is likely to take some time more before it is finalised.

(Reply to further observation)

There is no change in the position already reported,—vide Development and Panchayat Department communication under reference. The Punjab Government has

again, been asked to supply the *pro forma* for preparation of the statements of assets and liabilities in respect of each Inter-State corporate body.

(Reply to further Observation)

A meeting of the representatives of the Punjab Haryana, Himachal Pradesh and Chandigarh Administration is being fixed shortly to discuss the progress achieved in this behalf and further action required to be taken by way of personal collaboration by the Governments concerned. (26-2-71)

(Reply to further Observation)

A meeting of the representatives of the Punjab, Haryana, Himachal Pradesh and Chandigarh Administration was fixed for 14th June, 1971 to discuss the progress achieved in this behalf and further action required to be taken by way of personal collaboration by the Government concerned.

2. The meeting could not be held as scheduled owing to the absence of the representative of the Himachal Pradesh Government. The Punjab Government has now requested the Himachal Pradesh Government to convey their acceptance of the decisions taken in the earlier meeting. The Punjab Government has also been requested to fix a date for the next meeting immediately. (9-9-71)

(Further Observation)

The Committee desired that the matter be pursued vigorously as also be informed of the efforts made by the Government in this behalf so far. (12-7-71)

(Reply to further observation)

The position is almost the same as reported earlier. No reply has been received from the Himachal Pradesh Government as to their acceptance of the decisions taken in the first meeting held between the representatives of the Punjab Government, Haryana Government and the Chandigarh Administration.

2. The Punjab Government has now set a telegraphic reminder in the matter to the Himachal Pradesh Government on the 7th October, 1971. The matter is being pursued vigorously with the quarters concerned.

(9-11-71)

(Reply to further observation)

The Himachal Pradesh Government, has now, conveyed their acceptance of the decisions taken in the earlier meeting held between the representatives of the Punjab Government, Haryana Government and the Chandigarh Administration. The Punjab Government has been requested to call the next meeting immediately so that the case may be finalised by way of personal collaboration by the Governments concerned, without delay.

(Further observation)

The Committee would like to know the latest position in the matter.
(12-12-72)

(25-1-72)

(Reply to further observation)

The position is almost the same as reported earlier. No meeting has, so far, been fixed by the Punjab Government for settling the outstanding case through personal collaboration by the representatives of the Governments concerned, despite requests. The last reminder was issued on 9th February, 1973.

(19-2-73)

(Reply to further observation)

In the first meeting held on 30th January, 1970 between the representatives of the Punjab, Haryana and Union Territory Governments, it was decided that the Punjab Government, Development Government will devise and supply a *pro forma* in which the statistics of assets and liabilities of the inter-State Zila Parishad, Panchayat Samitis etc. would be collected in a uniform manner by all the concerned Governments. A specimen draft *pro forma* was proposed by the Haryana Government Department and sent to the Punjab Government for acceptance/approval on 3rd February, 1971.

2. After sending eight reminders to the Punjab Government, Development Government, a semi-official letter was addressed on 30th March, 1973 by the Secretary, Development to his counterpart in the Punjab Govt.

(Further observation)

The Committee would like to know the details of the steps taken by the department for the division of assets and liabilities of Zila Parishad, Sangrur and the progress made in this behalf so far. The Committee would also orally examine the department in this behalf.

(4-9-73)

(Further observation)

The Committee orally examined the departmental representatives and desired that the matter regarding division of assets and liabilities of Zila Parishad Sangrur should be expedited. If the State Government is not able to sort out this matter with the Punjab Government by mutual discussion, then it should be referred to the Government of India under the Re-organisation Act, 1956 without any further loss of time.

(6-11-73)

requesting her to convene a meeting for the settlement of division of assets and liabilities of erstwhile inter-State Zila Parishads/Panchayat Samitis at an early date. The Secretary, Development, Punjab Government replied on 16th April, 1973 that no useful purpose would be served by convening a meeting for this purpose more so, when one representative of one State Government or the other was not available at the fixed meeting. It was also suggested that the Accounts Officers of both the Governments should, first, devise and finalise the *pro forma* etc. referred to above.

3. The attention of the Punjab Government has been drawn to the draft *pro forma* sent earlier to them by the Haryana Government, Development Department. Three reminders have also been sent to them on 31st July, 1974, 5th September, 1973 and 4th October, 1973 respectively, to expedite the matter. No meeting has been arranged by the Punjab Government, as yet.

24	Reply to Unstarred Question No. 337 by Ch. Ranbir Singh re. tractor service stations proposal to start new service stations etc. 	Agriculture	Yes. The scheme for full coverage of the State is under preparation. The Corporation proposes to set up base workshops so as to cover all the District Headquarters with operational centres at other places in the districts. (d) Yes. The Corporation proposes to open service station at Rohtak in the near future	The Scheme for setting up Farmers Service Centres at District Headquarters in the State has been approved by the Board of Directors in its meeting held on 27th October, 1970. According to this scheme 5 more farmers service centres are to be opened at Ambala, Gurgaon, Rohtak, Dadri and Jind, during the current financial year (3-2-1971)	The Committee would like to know as to whether the Farmer Service Centres have actually been opened at the District Headquarters in the State before 31st March, 1971 and whether any operational centre have been started in places other than those at the District Headquarters. The Committee would further like to know as to whether the Farmer Service Centres have actually been set up at Ambala, Gurgaon, Rohtak, Dadri and Jind before, 31st March, 1971. The Committee would also like to know the difference between the Base Workshops, the Operational Centres and the Farmer Service Centres.
				(31-5-1971) (Further observation)	The Committee would like to know the time by which Farmers Service Centres would be established at Gurgaon and Dadri
				(24-9-1971)	
				(Reply to observation)	The company year of the Corporation ends on 30th June and not on 31st March of the year. The proposal was to set up these new Farmers Service Centres within the last company year. There is no doubt that the Farmers Service Centres at Ambala and Jind started functioning before 30th June, 1971. The Centres at Rohtak and Gurgaon

1	2	3	4	5	6
---	---	---	---	---	---

could not be set up before 30th June, 1971, on account of non-availability of suitable lands for this purpose. At Rohtak we decided to purchase evacuee land bearing Khastha No. 8091 measuring 2,100 yards situated at Gohana Chowk, Rohtak but when we went to take possession of this land, Municipal Committee filed a civil suit in the Court of Sub-Judge the matter regarding purchase of this land is now *sub-Judice*. For the time being we have hired some premises on Hissar-Rohtak Road on rent and the centre has started functioning there. At Gurgaon, we have selected and the land is being acquired through Land Acquisition Proceedings. The steps for setting up a Farmers Service Centre at Dadri will be taken as soon as our above four centres start functioning properly.

Besides these Farmers Service Centres, the Corporation has set up two sub-Centres, one each Mandi Adampur and Sirsa and two Sale-cum-Service Centres one each at Karnal and Ladwa for providing custom hiring facilities to the farmers of these areas.

The difference between base Workshops, Operational Centres and Farmers Service Centres is as under :—

Rare Workshop

It means the main Workshop for major repairs, overhauling and servicing of tractors and other vehicles

Operational Centres

Operational Centres mean sub-Centres set up for providing custom hiring facilities to the farmers. Arrangements for minor repairs and servicing etc. of tractors also exist at such centres
(1-9-1971)

(12)

Formers Service Centres

These are full-fledged Farmers Service Centres fully equipped with various types of machineries and agricultural implements and Tractors, etc. and Base Workshop will be a part of the Centre. These Centres render the following services to the farmers :-

1. Providing of tractors on seasonal hiring basis.
2. Repair, maintenance and servicing facilities.
3. Sale of imported spare parts, tyres and tubes.
4. Distribution of iron and steel quota to the fabricators.
5. Sale of agricultural implement like Disc harrows and threshers etc.

Supplementary Estimates (Mad instalment)
1970-71

Under the Small Farms Development Agency Scheme the Government will help the Small Farmers in Agriculture

Two Small farmers Development Agencies have since been set up in Ambala and Gurgaon districts, with the aid of the Government of India. Provision for levelling

The Committee would like to know the total land in the State which required levelling on 9th February, 1971 and the total land which had been levelled

levelling their lands. It will give help to the farmers by advancing loans to them.

of 8,500 and 2,000 hectares of land in Ambala and Gurgaon districts respectively, during the years, 1970-71 to 1973-74, has been made. A sum of Rs 67.50 and Rs 15.00 lakhs in these districts, respectively, would be advanced by the Commercial and Cooperative Banks. The Small Farmers Development Agencies would grant 25 per cent subsidy on land levelling to the small farmers from out of their own funds. The land levelling work is to be taken up through the Haryana Agro-Industries Corporation Ltd., which will set up Custom Service Centres, and provide-Bulldozers on hire to the identified Small Farmers. The Corporation is making efforts to procure machinery for the purpose whereafter land levelling work would be taken in hand in the areas.

districtwise, through the Small Farmers Development Agencies so far.

The Committee would further like to know whether there is any likelihood of starting levelling work in the remaining five districts of the State.

The Committee would also like to be informed of the contribution made by the Central Government in this behalf.

(10-1-1972)

(Further Observation)

The Committee feel that the progress made in this matter is very slow and therefore, would like to orally examine the Secretary of the Department concerned in this regard.

4. Karnal	16,000
5. Ambala	55,950
6. Mohindergarh	55,200
7. Jind	5,380
Total	2,51,000

1. Although no survey has been conducted, yet it has been estimated that 2,51,000 hectares of land require land levelling in the State (Details opposite)

2. Small Farmers Development Agencies in the State functioning in Gurgaon and Ambala districts. Only SFDA, Gurgaon has so far got 22 acres land levelled through the Haryana Agro-Industries Corporation, by assisting 9 small farmers giving them Rs 737.76 as subsidy.

1. The Committee would like to know the total land in the State which required on 9th Feb. 1971 and the total land which has been levelled, districtwise, through the Small Farmers Development Agencies so far.

2. There is a proposal to start land levelling works in Ambala and Gurgaon districts under the Scheme of Agriculture Re-Finance Corporation and Small Farmers Development Agencies, where subsidy component is available to small farmers owning land up to 7.5 acres. Subsidy is also available in M.F.A.L. Project in

Bhivani Tehsil but the same is not available in any other district. Those farmers who want land levelling, can get it done from Agro-Industries Corporation, which has opened farmers service Centres. These Centres have been equipped with requisite machinery for land levelling work against demand from private Government agencies. The farmers can either get the work done after payment of cash or obtain loan from the Banks.

3. There is no contribution to the State Government from the Central Government. However, the Central Government has sanctioned Rs 5 lacs for 1972-73, in favour of Small Farmers Development Agency, Gurgaon, for the composite programme of field channels, land levelling, threshers, demonstration plots act.

The next programme is like this that first of all an estimate of the total quantity of sweet water available at Safidon Jind, Rathal and Madha will be formed and after the completion of this work additional deep Bore will be made in district Jind

A preliminary assessment study for the available quantity of sweet water in this area has been made and it indicates the possibility of installation of 100 well along Hansi Branch between Munak and Madha. It is proposed to prepare and send project estimate to augment canal supplies in Hansi Branch to the A.R.C. for their approval and to provide funds,

whereafter the scheme will be taken in hand.

(27-6-1972)

(Reply to the observation)

Further investigations along this area were carried out during the year 1972 by electric resistivity survey to delineate exactly the sweet water boundaries in this area. On the basis of this survey, it has been seen that fresh (sweet) water area is mainly located in areas in the Head Reach of Hansi Branch from Munak to Safidon and then around Jind. The first bulb of the fresh water belt is from Munak to Safidon and is from 8-10 miles in width and 15 miles in length. This is located from RD 0-75 of Hansi Branch. The Second bulb of the fresh water belt is available around Jind and is about 6 miles wide and 15 miles long and lies along R.D. 160-235 of Hansi Branch. Thus Augmentation Tubewells can mostly be installed along these reaches of the Hansi Branch. A Project Estimate amounting to Rs. 126.88 lac has been framed for the installation of 150 Augmentation Tubewells along Hansi Branch from Munak to Rajpithal and has been submitted to the Agricultural Refinance Corporation since long for approval and sanction of loan. As soon as the loan is sanctioned by the A.R.C., the work of installing deep augmentation tubewells along Hansi Branch will be taken in hand.

(9-6-1973)

(Further observation)

The Committee would like to know the latest position in regard to the installation of 150 Augmentation tubewells along Hansi Branch from Munak to Rajpithal.

We also intend to instal 100 Tube-wells between Markenda and Tangri Rivers. It is hoped that the Minor Irrigation Tubewell Corporation will instal 100 Tube-wells more by December, the last month of this year. As a result of this 500 cusecs of additional water will flow in Western Yamuna Canal. Thus 500 cusecs of water will be available in this way and 500 cusecs of water will be saved which used to go waste due to seepage. In this manner Western Yamuna Canal will get 1,00 cusecs of water more of which it remained deprived previously.

41 Budget Speech

Agriculture

It is proposed to cover 17.10 lakh hectares under the high yielding varieties programme by next year and increase fertilizer consumption from 5 lakh tonnes in 1972-73 to 7.7 lakh tonnes in 1973-74. To help achieve these targets it is proposed to spend Rs 38.50 lakhs next year. Plant protection measures will be extended, specially rough aerial spray of pesticides on cotton, sugarcane and mustard crops. The area proposed to be covered under aerial spraying in 1973-74 is 2.80 lakh hect areas and a provision of Rs. 7.93 lakhs has been made in the Plan for various plant protection measures.

श्री गुलाब सिंह जैन के
हरियाणा एग्रीकल्चरल

सुझाव :

1. हम चाहें कुछ भी करें
हैं, कितना ही पानी लोयों

2. मेरी अर्थ यह है कि
विंडिख पर तो इतना
खया खर्च कर दिया,

डोक बात है लेकिन मेन
चीज रह गई जिनकी
डिवैलपमेंट होनी निहायल
जरूरी है। जैसा कि मैं ने

पहुँचे भ्रजें किया कि
तमाम एग्रीकल्चरल
रिसर्च को किसान तक
पहुँचाया जाए, इस चीज
पर ज्यादा स्ट्रेस होना
चाहिये ।

3. मेरा कहने का मुद्दा
यह है कि यूनिवर्सिटी
एडमिनिस्ट्रेशन पर बजट
का 13 प्रतिशत खर्च
होता है मेरी राय में यह
ज्यादा है और बोर्ड आफ
मैनेजमेंट को इस तरफ
सारा ध्यान देना चाहिये।
जो ओवरहेड एक्सपेंसिज
हैं उनको कटेल करें
और इस रुपये को एक्स-
टैन्शन स्कीमों के काम में
लायें। एजुकेशनल रिसर्च

इन्क्वैडिंग टीचिंग को
तरक्की करना हर यूनि-
वर्सिटी का काम है ।

4. हमारी जो टीचिंग
होती है वह ऐसी होनी
चाहिये कि इन यूनिवर्सि-
टीज से स्टूडेंट्स को
जितनी तादाद निकलती
है वह सारे के सारे सर्वि-
सिज में या दूसरे कामों में
अब्जाब होने चाहिए ।
अगर अब्जाब नहीं कर
सकते तो कालिखिज में
फरदर ओपनिंग नहीं
करनी चाहिये ।

5. मेरी गुजारिश है कि
टीचिंग पर ज्यादा खर्च न
करके हमें रिसर्च और
एक्सटेंशन को तरक़ ज्यादा
ज्यादा खर्च करना चाहिये ।

6. जहाँ तीन कैटेगरीज—
प्रोफेसरज, लैक्चररज
और रिसर्च स्कालर का
ताल्लुक है इन्को अल्वायंट-

6

करने के लिये स्टेट का कोई बैरियर नहीं होना चाहिये। जहाँ से भी हमें अच्छे स्कालर मिलें, एप्रो-कल्चर यूनिवर्सिटी का स्टैंडर्ड बढ़ाने के लिये ले लेने चाहिये। जहाँ तक सीनियर एडमिनिस्ट्रेटिव जॉब और यूनियर एडमिनिस्ट्रेटिव जॉब का ताल्लुक है वे विद्वान स्टेट से लिये जाएं, एम्प्लॉयमेंट एक्सचेंज से लिये जाएं।

तो मैं अज कल चाहूंगा सरकार से और सरकार के द्वारा यूनिवर्सिटी को मैनजमेंट से कि उसमें यह ख्याल रखना चाहिये कि हरियाणा

वालों की तरफ़ीह दो
जाए और उनको प्रकॉरस
के साथ एम्प्लायमेंट
मिलनी चाहिये ।
7. जहाँ तक एम्प्लायमेंट

This factory will be set up with a cost of rupees 56 lakhs and it will have the capacity to produce 30 thousand tons of fertilizer in a year.

September, 1972.

During the construction of the Building, semi-built folded plate of the raw material godown collapsed on 18th May, 1972, due to bad workmanship. Due to this incident, the construction work had to be suspended. The Federation was obliged to revoke the contract on 3rd August, 1972 and the construction work was allotted in December, 1972, to a new contractor by negotiations on the recommendation of Sri G.V.K. Moorthy, Consultant Engineer, on the same terms and conditions and rates as those of the first contractor.

The former contractor entered into litigation with the Hafed, which resulted in considerable delay in handing over the site to the new contractor. The new contractor started work from 10th January, 1973. The main factory room is expected to go into production by the end of March, 1974. The capacity of the Plant will be 7.5 tonnes of granulated mixture per hour and annual production will be 30,000 tonnes of N.P.K. fertilizer.

(Further Observation)

(Reply to further Observation)

The Committee decided to keep this assurance pending.

(15-9-71)

The Government of India to whom the matter was referred, have intimated that section 65 of the Punjab Re-organisation Act, 1966 does not apply to this case. They have, therefore, shown their inability to interfere in the matter. It is, however, considered, that Members of the Haryana Branch of Indian Parliamentary Association and Common wealth Parliamentary Association are entitled to the devision of unspent grants of these associations and they can themselves claim these

funds by taking appropriate legal measures. The State Legislative Department have also confirmed this view

68 Budget Speech of Finance Minister, dated 12th January, 1972

To rehabilitate the families of our martyrs, Government have made provision for payment of ex-gratia grants and pensions and for giving educational facilities to their children. A scheme for giving preference to their children in the matter of Government employment is under consideration

The 12th January, 1972

A circular letter No. 945-4GS II-72/6451 was issued on the 6th March, 1972 wherein all the Departments have been directed that in the existing reservation, in respect of civil posts for ex-servicemen, second preference should be given to upto two dependents of service personnel killed/disabled beyond 50 percent (copy enclosed). In view of this, the assurance given by P. M. on the Floor of the Haryana Vidhan Sabha has been fully implemented. No further action is called for on the part of the Government in this regard

(13 6-1973)

The Committee would like to know the total number of posts reserved for the dependents of martyrs and disabled ex-service men since the instructions in this behalf were issued and the number amongst them of those persons who were employed against these vacancies and what happened to the posts for which suitable candidates were not available.

70 In reply to the speeches made by the Members

General Administration
With regard to the demand made by Chaudhri Meher Chand ji for providing stenographers to the M.L.As. I would like to submit that it is very difficult to provide a separate steno for each M.L.A. But as is the case in Parliament where some Hindi and English stenographers are provided to M.Ps. for doing their work during the

session days, you may ask for from us one, two or three or such other number of stenographers as you think proper and we will provide them to you here during the session days. We have no objection to do so. As I have already stated at first I am doing it on the basis of Parliament and if every M.P. gets a separate stenographer there, I shall not let my hon. Members remain behind in this respect.

71 Speech by Chief Minister in reply to the discussion on supplementary grants (First Instalment) for the year 1972-73.

The libraries of the Vidhan Sabha and Vidhan Parishad of the joint State of Punjab and Haryana should also be divided..... We took up this matter with the Central Government. Now we shall take it up again and ask them that the books falling to our share should be given to us.

No agreement could be reached among the three successor States, Punjab, Haryana and Himachal Pradesh for the division of the Libraries of the composite Punjab Vidhan Sabha/Parishad and India for a decision. The Government of India consequently ordered as follows :—

(a) The Vidhan Sabha Library and Vidhan Parishad Library shall remain with the State of Punjab.

(b) The books and documents of the said Libraries shall be pooled and divided in the manner hereinafter provided, namely :—

(i) Every second copy of the

said books or documents shall be given to the State of Haryana.

(ii) Every third copy of the said books or documents shall be given to the State of Himachal Pradesh;

Provided that if two or more copies of the above mentioned books or documents are not available after pooling Punjab Vidhan Sabha Library and the Punjab Vidhan Parishad Library, the successor State Government shall not claim any compensation from the State of Punjab for the same.

This decision of Government of India was not found to be in the interest of Haryana State. Accordingly, a back reference was made to the Government of India to reconsider the issue but they did not agree. Accordingly the Secretary, Punjab Vidhan Sabha was requested to take necessary action in the light of Government of India's decision. In response to this request of Haryana State, the Secretary Punjab Vidhan Sabha intimated that the charge of the Library of department, Punjab Vidhan Parishad would be taken from

the Punjab Civil Secretariat and thereafter a cell could be created for sorting out duplicate/triplicate copies of the books. The case has not been finalised so far.

97 Supplementary by Ch. Amar Singh on Starred Question No. 6906 by Ch. Khurshed Ahmed re. purchase of land by Harijan tenants as to whether the present Government would honour the commitment of the previous Ministry that it would give an advance of Rs 5,000 to the Harijan tenants who wanted to purchase land of the landlords.

S.C.&B.C. I am not aware but I will Department certainly find it out.

Reply of the Government

Prior to 1969-70, poor and deserving landless members of the Scheduled Castes were given a subsidy of Rs 2,000 each for the purchase of agricultural land (including that agricultural land also which was being cultivated by them as tenants and the owners were ready to sell it) measuring not less than five acres and costing not less than Rs 4,500 per beneficiary, who had to arrange for the balance himself.

The Committee review the position and decided to orally examine the concerned departmental representatives.
(25-9-73)

(Further observations)

In the view of the Committee, there appears to be no justification for the discontinuance of the scheme for the grant of loan/subsidy to the Scheduled Caste and landless persons for the purchase of agricultural land. The matter needs to be taken up with the Central Government again for the restoration of the scheme and with enhanced amount.

(26-3-74)

(2) On the advice of the Working Group the subsidy was remodelled into a loan scheme from the year 1969-70 and the amount was raised to Rs 6,000 in each case bearing 3 per cent interest per annum.

(3) Under section 15(2) of the Haryana Ceiling on Land Holdings Act, 1972, provision has been made for the allotment of Surplus land, amongst others, to the members of the Scheduled Caste and Backward Classes also. A scheme

for the utilisation of surplus land (is under preparation with the Revenue Department.

(4) Under section 15(4) of the Act, the purchase price on the land plus the interest at the rate of five per cent per annum, is payable by the allottee, in whose favour proprietary rights are conferred, in ten annual equated instalments. On payment of full price or the first instalment thereof, as the case may be, the allottee shall be deemed to have become the owner of the land.

(5) In view of the changed circumstances it would no longer be possible to provide financial assistance to tenants who want to purchase land from their landlords. In fact, the aforesaid loan scheme has since been discontinued by this Department.

Supplementary to Starred Question No. 365 by Chaudhri Chand Ram regarding simplification of procedure for giving loan to Harijans under different schemes for Harijans Welfare so as to decrease the expenditure incurred by them on applications

The 14th August, 1969 (Evening Sitting)

S.C. & B.C. The Government will consider and simplify the procedure

Previously persons belonging to Scheduled Castes and Backward Classes had to file an affidavit duly attested by an Oath Commissioner, while applying to this Department for the grant of loans. In addition, they had also to procure Scheduled Caste Certificate from one of the M.L.As., M.P.s. or Gazetted Officers.

(2) Government have already dispensed with the affidavit with a view to simplifying the procedure. They have also authorised the Sarpanches, Gram Panches and Municipal Commissioners to issue Scheduled Caste Certificates.

(16-7-73)

(Reply of the Government)

(i) This department advances interest-free loan to the members of Scheduled Castes and Backward Classes for setting up different trades under the Punjab Backward Classes (Grant of Loans) Act, 1957, and rules made thereunder. The amount is recovered in twenty half-yearly equated instalments after the expiry of 4 years from the date of payment

101 Supplementary to Started Social Welfare Question No. 631 by Chaudhry Chand Ram re. maintaining a Register about Scheduled Castes candidates

We shall also consider the suggestion which has been given.

In order to watch the progress of representations in services of Scheduled Castes and Backward Clases candidates, the Welfare Department has already started registers at the State level which includes information of all the departments whose recruitment is done at the State level either by the Government or the Heads of the Departments. Similar registers for Divisional level have also been started by this Department at the Directorate level. District level registers have been started in the offices of the District Welfare Officers. In addition, all District level, Divisional level officers and Heads of all Departments have been requested to maintain register at their own level for periodic check of percentage of representations. These registers would contain six monthly position

The Committee would like to know whether such registers have actually been opened (started) at different levels in various Departments; if so, from which date as also whether the purpose of starting these registers has been achieved. The Committee would further like to know whether the percentage of representations in services of Scheduled Castes and Backward Classes has been duly satisfied

(ii) The Committee reviewed the position and decided to orally examine the concerned departmental representatives (24-9-73)

Government have issued necessary instructions, — vide Haryana Government letter Nos. 4885-SW-1-71/18166-290, dated 25th October, 1971 and 1716-SW-1-73/6394-6307 of Haryana and which were served for Scheduled Castes and Backward Classes and the total number of candidates actually recommended by the said Commission for appointment and the posts finally filled up by the departments.

The Committee would like to know the total number of posts advertised by the Public Service Commission after the formation of Haryana and which were reserved for Scheduled Castes and Backward Classes and the total number of candidates actually recommended by the said Commission for appointment and the posts finally filled up by the departments.

(Further observation)

(Reply from the Government)

After the formation of Haryana, The Committee is not at all satisfied.

the Haryana Public Service Commission advertised 15814 posts out of which 2601 were reserved for Scheduled Castes/Backward Classes of Haryana. Against the reserved posts, the Commission could recommend to Government only 930 candidates

(2) The fate of unfilled posts can only be ascertained from the Departments concerned as this information is not available in the Commission's office. This would be a highly time-consuming process. The figures given above cover the period from 1966 to March, 1972.

The matter may now please be dropped.

fied with the reply. Rather the Committee considers it strange on the part of Department to say that the process of collecting information will be highly time consuming especially when this Department is charged with the constitutional duty of seeing that the various orders of the Government regarding reservation of posts of the members of the Scheduled Castes and Backward Classes are carried out.

The Committee recommends that a roster should be maintained in the Department to see that the quota reserved for the Scheduled Castes and Backward Classes are filled in.

(25-2-74)

The Committee regret to note that out of 15814, only 2601 posts were reserved, whereas on the basis of Government orders for reserving of 22 per cent posts for these classes, 3,479 posts should have been reserved. The Committee further regrets to note that only 930 candidates out of these classes were recommended against the 2,601 posts reserved for them. The Government should find out why this is so and take steps to see that these posts are positively given to those belonging to these classes

Budget Speech on 12th January, 1972. In view of the stringent financial position of the State, the Plan allocation of this department for the year 1972-73 was reduced from Rs 75.60 lakh to Rs 40 lakhs. As a result of this cut, the amount provided under the scheme entitled "Subsidy for the construction of Chaupals" was also reduced from Rs 10 lakhs to Rs 5.08 lakhs. Upto date Rs 17,05,000 have been given by Government for the construction of 640 Harijan Chaupals (27-4-1973)

The Committee would further like to know the number of applications pending with the Nigam for the grant of loan

(22-8-1973)

(i) During the year 1972-73 a sum of Rs 15 lakhs was provided towards the share capital of the Haryana Harijan Kalyan Nigam which has since been released to the Nigam

(ii) During the year 1972-73 a sum of Rs 25 lakhs had been provided for the Harijan Kalyan Nigam. Due to imposition of cut by Government at the rate of 3 per cent the amount provided for giving loan to the Nigam was reduced from Rs 25.00 lakhs to Rs 24.25 lakhs. Out of this a revised provision of Rs 5.00 lakhs have been advanced to the Nigam and the balance will be released as and when required by the Nigam (27-4-1973)

108 In reply to the debate
on the Budget for 1972-73

S.C. & B.C.

The 13th January, 1972 (Evening Sitting)

We have formed a Harijan Kalyan Nigam. The Harijans will be given loan from there also. They will also be advanced loans from the co-operative credit societies and milk societies which have been formed by us. Our Small Farmers Agencies are at Ambala and Gurgaon and the Marginal Farmers Agencies are in Ambala and Hissar districts. The poor sections of the people will be advanced loan from these societies also so that they may rise economically.

So far as the Harijana Harijan Kalyana Nigam is concerned, it has been granting loans to the Members of Scheduled Castes since March, 1971. So far, the Nigam has disbursed loans to the tune of Rs 26,71,450 to 633 Harijans as per details given in the enclosed statement (27-4-1973)

The Committee would like to know the number of persons who applied to the Nigam for the grant of loans since March, 1971 and the amount placed at the disposal of the Nigam by the Government during this period.

The Committee would also like to have a list of the 633 loanees, who were granted loans by the Nigam since March, 1971, constituency-wise.

The Committee would also like to know the amount of loan advanced to Harijans by the following agencies since March, 1971 :—

- (1) Cooperative Credit Societies ;
- (2) Milk Societies ;
- (3) Small Farmers Agencies ; and
- (4) Marginal Farmers Agencies.

The Committee would also like to know as to whether any share of loan from the total amounts placed at the disposal of these agencies has been fixed for the Scheduled Castes.

109 Supplementary Q. asked by Ch. Mehar Chand on St. Q. No. 40 as to whether there is any proposal under consideration of the Government that the Harijans may be advanced loans, constituency-wise, by the Harijan Kalyan Nigam

Sir, Nigam will make every possible effort to give loans constituency-wise. But in certain cases when it is difficult to given constituency-wise, the loan will be given sub-division-wise

The Committee would like to know as to what are the practical difficulties in giving loans Constituency-wise. The Committee would also like to know the amount of loans disbursed Sub-division-wise during the year 1972-73 and 1973-74.

The 3rd October, 1972

110 In part (C) of Un.S.Q. No. 95 by Ch. Chand Ram it was asked whether the Government would reallocate the unspent amounts in the budget for 1972-73 for the Welfare of Scheduled Castes and fix responsibility for the unspent amounts for 1970-71 and 1971-72

The matter will be taken up with the appropriate quarters in another two or three months

No budgeted amount lapsed during the year 1970-71 and as such the question of reallocation does not arise. However, an amount of Rs. 41.04 lakhs lapsed out of the budgeted amount for the year 1971-72. The matter for the reallocation of this lapsed amount in the budget for 1972-73 was taken up with the Finance Department which could not be acceded to due to overall financial stringency. It is not contemplated to fix responsibility as the amount were not drawn keeping in view the public interest.

The Committee would like to know the reasons as to why the amount of Rs. 41.04 lakhs lapsed during the year 1971-72. It would further like to know whether this amount included any financial assistance given by the Government of India.

111 Supplementary Q. asked by Ch. Chand Ram on St. Q. No. 129 "Harijan Kalyan Nigam has received 12,286 applications for giving loans to the Harijans and a sum of about 24 lakh rupees has been given as loans

Yes, we are doing

A sum of Rs. 15 lakhs as share capital and Rs. 5 lakhs as loan were received from the Government after 3rd October, 1972 on 14th March, 1973 and loans to the extent of Rs. 2,27,000.00 and Rs. 11,62,200 were sanctioned in the meetings of the Board of Directors held on 21st November.

The Committee decided to orally examine the departmental representatives in this connection.

111 Supplementary Q. asked by Ch. Shiv Ram Verma on St. Q. No. 129 "Last time there were many applications for loan, but less amount was disbursed. What were the reasons for that? What are the defects as a result of which it so happened and will those defects be removed in future?"

112 Supplementary Q. asked by Ch. Rizaq Ram on St. Q. 129, "Forty lakh rupees were to be received for this year. By which time and from which source was this amount to be received?"

114 सारांशित प्रश्न सं० 375 पर श्री अमर सिंह द्वारा पूछा गया अनुपूरक प्रश्न—“कि क्या गवर्नमेंट कोई ऐसा ब्राह्मण दिया अपनाने के लिये तैयार है जिससे तहत एगनोड रिजनी को निगम से पैसा दिया जा सके ?”

S.C.&B.C. There is no question of disbursing less money. At present there is a balance of ten lakh rupees and the Nigam will get 20 lakh rupees more and this entire amount will be disbursed

This was to be received from the Government and will be received soon.

132 Starred Question No. 7833 by Ch. Harkishan
re. U.P. Drains in district Gurgaon under the Administrative Control of U.P. Government

The matter is under correspondence with the U. P. Government.

In an inter-State meeting held on 5th January, 1966, it was decided that a Committee consisting of Chairman, C.W. & P.C. and the Punjab should examine this matter further.

The Committee would like to know the latest position.

(Reply to Observation)

In an Inter-State meeting, it has since been decided that the control of U. P. Government Drains in Gurgaon District should be transferred to Haryana State. U.P. Government was addressed on the subject, who have agreed to transfer the control of 13 drains, and are not willing to hand over the control of remaining 3 drains, on the plea that these fall into Agra Canal. With regard to the 13 drains U. P. Government has demanded Rs 13.39 lakhs for bringing these drains to the designed section as well as diverting their out fall into the River Yamuna, before these may be handed over to Haryana. Irrigation Department, Haryana, has asked U.P. Government to hand over the control of these drains and the desired repairs remodelling etc. would be carried out by Haryana Government, at the cost of U.P. Government, but U. P. Government is adamant.

Kept pending.

135 Supplementary by Ch. Abdul Razak Khan re. construction of bridges on the flood water drains

The point raised in the supplementary is a general one regarding construction of bridges on drains. It does not refer to any particular bridge. It has already been decided during the 9th meeting of the Hayana State Flood Control Board held on 24th June, 1971 that bridges on drains shall be provided wherever a bridge existed on Canal Disty or minor adjacent to the drains. Bridges were also approved to be constructed irrespective of norms of 2.5 miles distance between the bridges on the main drains and 1.5 miles on tributary drains if the land for an existing road is left in consolidation and the land of the

Irrigation By June, 1973

136. Started Question No. 1872 asked by Shri Satya Narain Syngol asking as to by what time Bhambawa Drain in tehsil Jind is likely to be constructed

(Reply from the Govt.)

Bhambawa Drain passes through two districts i.e. Sonapat and Jind. It runs in Jind District from RD 47010 to 59555 and 80620 to RD 1,19,000 (upper reach). The work in the first reach (lower) i.e. from RD 47010 to 59555 is in progress and is expected to be completed by June, 1973. Balance work in Jind District expected to be completed by June, 1974

(11-5-73)

(Further observation)

The Committee would like to know whether the work of the construction of Bhambawa drain the first reach i.e. from RD 47010 to 59555 has since been completed. The Committee would further like to know the latest position regarding the construction of work in the second reach. The reasons why the entire assurance could not be implemented by June, 1973,

may be communicated to the Committee. (23-8-73)

(Further observation)

The Committee would like to know the latest position in the matter. (26-3-1974)

(Reply from the Govt.)

(1) The work in the reach RD 47010 to 59555 was in progress but it was slowed down due to paucity of funds and cut in budget for drainage works.

(2) In the second reach RD 80620 to RD 119000 also the work could not be completed due to aforesaid reasons.

(3) As per targets drawn earlier, the Bhambewa drain was expected to be completed by June, 1973, but due to paucity of funds the drain could not be completed.

Out of the total length of 1,19,000 ft, the drain has already been dug in a length of 80,620 ft, starting from its outfall. The syphons/pumping stations under Butana branch and Sunder Sub-Branch, at RD 22750 and 56050 respectively are yet to be constructed. Drain is already functioning in length of 22750 feet from the outfall end. The drain is now proposed to be completed by June, 1975 subject to the availability of funds.

137 In reply to the supplementary asked by Shri Daya Krishan on Started Question No. 1362 regarding the repair of the tubewells gone out of order.

Irrigation

Those will be in working order very soon. The work in respect thereof has already been started.

Since 1972, we have already brought back 42 tubewells into operation which were not functioning previously. Every effort is being made to redevelop or rebore such wells as per needs of the people of the area.

(11-5-73)

The Committee would like to know the total number of tubewells required to be redeveloped or rebored and the number amongst them of those which have not so far been redeveloped or rebored and the time by which these would be redeveloped or rebored to bring them back into operation.

(23-8-73)

138 In reply to the supplementary asked by Shri Lal Singh on Started Question No. 1362 regarding the starting of tubewells to work.

Irrigation

Many of them have started to work and the remaining will start working soon.

So far we have drilled about 140 tubewells in Naraingarh area out of which 110 have already been commissioned. The project of installing 200 Direct Irrigation Tubewells is expected to be completed by June, 1974.

(11-5-73)

The Committee would like to know whether the project of installing 200 Direct Irrigation Tubewells will be completed by June, 1974.

(23-8-73)

139 Supplementary asked by Shri Banarsi Dass Gupta on Started Question No. 1362 as to whether any arrangements are being made for deeper digging at the places where water beneath soil is brackish.

Irrigation

Yes, we are making the arrangements.

Exploratory drilling in such areas have already been taken in hand and it has been found that a pocket of an area of 740 sq. kms. between Panipat and Rohtak falling in the districts of Karnal, Rohtak and Jind covering area of Nidhana (Jind), Israna (Karnal), Panchhi-Jattan and Khunpur-Jattan (Rohtak) have been found to have sweet water in deep aquifers are saline. Further investigations to locate some more such area is still in progress.

150 Supplementary Question asked by Chaudhri Rizaq Ram on Starred Question No. 2—
"Will the Chief Minister be pleased to state whether or not we are getting the full share falling due to Haryana in Bhakra Power"

Electricity We are not getting the full share. We are fighting for it so that Haryana should be given its full share.

As per the present decision of the Government of India, Haryana gets 39.5 per cent of energy generated at Bhakra-Nangal Complex after meeting the demand of common pool consumers (DESU & N.F.F.) and share of Rajasthan. On this basis Haryana is getting its full share of power. But we have demanded a share of 57.5 per cent in energy generated on the basis of our share in the stored water in the Bhakra Lake. The matter is pending with the Government of India.

period. This is significant from two points of view. Firstly, it will help to vocationalize the higher secondary stage and divert students in different walk of life. Secondly it will also help materially in reducing pressure on higher education.

This matter was discussed in the meeting of the Standing Committee of the Central Advisory Board of Education Government of India. After examining the administrative and financial implications in the matter, the Committee was of the view that it might not be possible for the State Government to find the resources required for this programme fully in the State Sector. It, therefore, recommended that Central Scheme providing liberal assistance for the adoption of the new pattern should be introduced in the Fifth Five-Year Plan. No final decision has so far been taken by the Government of India and hence no action was considered necessary at the State Government level.

Medical and Health	The building of the Civil Hospital, Hansi, was given to us as a constructed one. Therefore we can not take any action against any person. A sum of rupees 40 to 41 thousand has been sanctioned for its repairs. But after yesterday night I have given a second thought to this matter and am thinking that instead of repairing it, a new building for the Hospital should be constructed, because the condition of the old building, even after its repair, will remain the same. 205 In reply to the debate on Dairy Development
Governor's Address Rohtak and at Sohana.

We are going to set up Milk Plants in district Rohtak and at Sohana.

A Milk Plant at Rohtak is being set up under "Operation Flood". Surplus milk if any will be sent to D.M.S. Steps to acquire land have been taken. Co-operative Societies on Amul Pattern have also been started. The funds for setting up of the Plant are to be made available by the Indian Dairy Corporation under "Operation Flood".

As regards setting up of Milk Plant at Sohana, it falls in the milkshed area of D.M.S. where D.M.S. has a Chilling Centre of its own. By setting up of Milk Plant at Sohana, there is every likelihood of dislocating milk supply to Cosmopolitan city of Delhi to some extent which may create embarrassment to the Government. In addition to this, this would result in unhealthy competition among Corporation, D.M.S. and some of the Private Contractors who are operating in area. Sohana is being taken care of by I.C.D.P., Gurgaon under D.M.S. Milkshed area. I is proposed to set up a Composite Milk Plant at Rewari where manufacture of

No. 319 asked by Rao Abha i Singh "Whether there is any proposal under consideration of the Government to check the export of high milk yielding cattle from the State; if so, the period within which it is likely to be checked".

No Sir, However there is a proposal to regulate the export of high milk yielding cattle from the State. A Committee has been set up to make recommendations in this regard.

The committee appointed by the Government had made their recommendations that the export duty on high milk yielding cattle/buffaloes should be doubled i.e. for Rs. 15 per cow and Rs. 30 per buffaloes to Rs. 30 per cow and Rs. 60 per buffaloes. These recommendations are under consideration of Government.

The Committee would like to know the final decision taken in this behalf.

The possibilities of attracting tourists in this area are in fact great. In the opinion of the Committee, it will be better if the implementation of this assurance is re-considered.

The Committee is given to understand that already there is a rest-house at Otu. When other rest-houses have been converted into tourists resorts, why cannot this rest house be converted into a tourists resort by providing some-thing more residential accommodation and other facilities. Shiv Ram Verma on Starred Question No. 154 "If attention is not paid towards these roads soon then an amount more than that as is required for constructing a new road will have to spent there. Will the Chief Minister, therefore, kindly pay his attention immediately towards this work in order to avoid the more expenditure?"

Town and Country Planning

For the satisfaction of the hon. Member, I want to tell him that we will get the repair work done soon. The difficulty, before now, was that a certain portion of Nellokeri Township was in the hands of the Central Government. But now we are going to get it done soon.
