The Committee, therefore, recommend that the Haryana State Co operative Supply and Marketing Federation Limited should give the representation to the Scheduled Castes by implementing the Government Policy at least while the posts are filled up by direct recruitment as per the provisions of the Service Rule of the Federation

Filling up of vacancies The Departmental representatives during the course of oral examination agreed with the contention of the Committee that there is shortfall in the various categories of Posts. The Committee therefore recommend that the Haryana State Coop Supply and Marketing Federation Limited should make such arrangements that these vacancies are filled up by appointing/ promoting persons belonging to reserved categories. The Committee would like to know the action taken in this regard

The Committee has desired that the latest position be sent to the Committee at the earliest

Promotional Avenues

The Committee have observed after perusing the Common Cadre Rules 1988 of the Haryana State Co operative Supply & Marketing Federation Limited that there are a number of categories for which no promotional avenues exist either for the reserved categories or general categories As per the Govt instructions issued from time to time and the

court's rulings it has been stated that if a person at the time of promotion does not possess the qualification prescribed for direct recruits but possess sufficient experience he can be considered for promotion provided the mode of filling up the required posts by promotion also The Committee, therefore, is of the view that Government should look into the Service Rules and create promotional avenues for the employees already working in the Haryana State Cooperative Supply and Marketing Federation Limited so that they can also be promoted with lesser qualifications/experience than that of a direct recruitee The Committee may also be informed about the action taken in this regard

Abolition of posts During the course of oral examination the departmental representatives informed that the Govt have issued orders to abolish the posts which are lying unfilled for the last three years It was also informed that the matter is under consideration and it is being worked out as to how many posts will be covered under the above order The Committee recommend that to recoup backlog the above referred order may not be implemented so far it relates to recouping the shortfall

The Committee has desired that the latest position be sent to Committee at the earliest

**INTERIM RECOMMENDATION OF THE
COMMITTEE**

This Committee noted with grave concern the factum of non allocation of residential plots to members of the Scheduled Castes despite emphatic insistence by the executive and persistent follow up by the present Committee

Having examined most of the Deputy Commissioners in the State of Haryana this Committee has noted with grave concern the following facts —

1 There is a general laxity amongst the officers in implementing the Government schemes for allocation of plots to Scheduled Castes families

The Committee regret to note that except for two districts *i.e.* Karnal and Bhawan we found the remaining Deputy Commissioners and other subordinate staff wanting in effective implementation of the schemes and redressal of the grievances of those who have been left out

This laxity is a result of either indifference or understanding about the problems of these deprived sections of the society

2 Three surveys for identification of beneficiaries were conducted in the years 1972, 1984 and 1989 and it is apparent that a period of 8 years has elapsed since the last survey to identify the beneficiaries have been conducted. Despite this claims of a large number of beneficiaries remained unsettled till date

The Committee has desired that the latest position be sent to the Committee at the earliest

3 A prima facie perusal of the figures of the three surveys in most of the districts have left us with an unmistakable impression that succeeding surveys were not conducted properly. For example if 100 beneficiaries were identified in the survey conducted in the year 1972 i.e. the first survey in a village we found that the subsequent surveys held in the years 1984 and 1989 found either no beneficiary in the same village or the number of beneficiaries was as less as 5 to 10. This is an universal fact.

The Deputy Commissioners we examined were in complete agreement that the subsequent surveys were not convincing on the very face of it. In the subsequent years number of beneficiaries should have definitely been increased considering that a period of 17 years had lapsed between the first survey and the third survey. This Committee has also noted the fact that the member of the Scheduled Castes for economic reasons and for reasons of illiteracy continued to have large number of the family as compared to those sections of the society who are economically well being as made out to the size of the family. Even from this perspective number of beneficiaries should have gone up and not come down.

Hence we make the following interim recommendations —

- (1) In order to ameliorate the conditions of members of Scheduled Castes particularly in villages where no sharmat land is available the State Government should allocate separate funds and proceed to acquire land for purposes of allocation to those members of the Scheduled Castes who have been denied the benefit of the Government policy or who have not

been allotted plots after three surveys on account of the fact that shamlat land in the vicinity of the existing abadi was not available and

The State Government should consider carving separate corpus for this purpose known as MAHATAMA GANDHI HARIJAN AWAS YOJNA

(ii) State Government should conduct a fresh survey as on 1 1 98 in order to identify all beneficiaries including those who have been left out for purpose of allocation of residential plots to members of Scheduled Castes We further recommended that eligibility for purposes of allocation should also be modified to the extent that in Scheduled Caste family not having land holding or a member of its family not in Govt service and not having more than 25 000 per annum by way of income from all sources should be considered eligible for purposes of allocation of these residential plots

(iii) State Government should appoint a team of officers for purposes of verifying the veracity of the survey conducted in 1989 as compared to the earlier two surveys If after getting a sample survey such expert body of officers come to the conclusion that variation in actual beneficiaries as on 1 1 89 is much more

The Committee has desired that the latest position be sent to the Committee at the earliest

than that of found in the survey of 1989 a fresh survey to determine eligibility as on 1.1.89 should be conducted in whole of the State of Haryana

Of course if any beneficiary is found to be eligible after this survey he would have precedence in allocation of plots as compared to the beneficiaries found in the survey that may be conducted as on 1.1.98

(iv) A large number of beneficiaries remained to be either handed over possession or in certain cases registration has not been effected or in certain other cases mutation has not been effected. This is the situation as observed by this Committee on examination of figures presented to us by the Deputy Commissioners in most of the districts of State of Haryana

(v) A time bound programme should be framed by the State Government for completion of aforesaid preferably within a period of six months from the last sitting of the Legislature of State of Haryana which is scheduled to be commenced from 19th January 1998

The Committee has desired that the latest position be sent to the Committee at the earliest

Conclusion

Poorest of the power and most deprived sections of the Society who have been discriminated against in every sphere political social economic have been denied their due for a number of years

It is the obligation of each one of to undo the wrong done and to ensure that they are given enough impetus to compete equally with rest of us Only one thing can ensure this It is the change in our approach and approach of each individual living on the fact of earth more so in the Haryana State More humanitarian and social purpose approach is required for complete assimilation of these deprived sections of society into the national mainstream Ultimately initiative must come from the top and there is no one better than the Legislature of State of Haryana which represents the collective wisdom of all sections Onus therefore is on this Legislature to act and now and act quickly
